

Shopping On-Line

Best Buys
BEST BUYS

Party Time

Assignment brief:

- You are organising a party for 10 friends (including yourself) and have to buy all the food and drink needed.
- You have decided to use Sainsbury's on – line shopping on the internet to make life easier for yourself . The web site address is: www.sainsburys.com
- Money is short, so you must make sure you always use the best buys available.

What you must include:

- A complete shopping list with prices.
- At least two examples where you have calculated best buys – they must be for different types of product. For example you could use crisps sold in multi-packs and beer sold in different capacity cans and bottles.
- Any working out you have done.
- The total cost of the party food and drink.
- Conclusions as to which are the best buys and why.

Finishing touches:

- Front cover with your name, date and title of the piece of work.
- Introduction and details of the party.
- Shopping list plus prices.
- All calculations used whether on a spreadsheet or written.
- Copies of any spreadsheets plus formulae you have used.
- Footers on all pages giving the title of the piece of work, your name and the page number.
- Conclusion giving final costs and the savings you have made by using the best buys.
